The demon of the ocean

Ethan Steiat

Ethan Steiat rewrote the legend of Cthulhu. He told the story of an octopus who lived in the abyss.

In 1944, the USA tested for the first time an atomic bomb and threw it in the Pacific ocean, and it devastated all life in the ocean and islands. 40 years later, a man who's named Robert Wilson a seismologist went in the **lair** of Cthulhu without knowing it, because there were a lot of tectonic plates movements.

JEM LAF

The Menacing Hospital

It was the night of Halloween, a dark night. After a nuclear explosion, three doctors became werewolves. To avenge them, they would create an army of werewolves. They created a potion which transformed people in werewolves, they had to test their invention. For that, they took the idea to kidnap a lot of homeless people because nobody cared about these people. They found their patients and kidnapped them to bring them to an abandoned hospital.

What is going to happen to the homeless people?
